#### **DETAILED ACTION**

### **Drawings**

In response to Applicant's remarks filed on 4/7/06, the drawings objection made in the last Office action is withdrawn.

#### Claim Rejections - 35 USC § 112

In response to Applicant's remarks filed on 4/7/06, the 112 rejection made in the last Office action is withdrawn.

#### Claim Rejections - 35 USC § 103

Claims 1-26 remain rejected under 35 U.S.C. 103(a) as being unpatentable over the prior art depicted by Applicant's Figs. 1-2 and further in view of Verhaeghe et al (U.S Patent No. 5,479,132) (or Rapp (U.S Patent No. 5,280,420) or Jung (US 2005/0127885)) for the reasons recited in the last Office action.

Regarding claim 12: the limitation "a plurality of analog-to-digital converters" is seen in elements 2-1, 2-N/2 of the prior art, Fig. 1.

## Response to Arguments

Applicant's arguments filed 4/7/06 have been fully considered but they are not persuasive. Examiner has thoroughly reviewed Applicant's arguments but firmly

Art Unit: 2816

believes that the cited reference reasonably and properly meet the claimed limitation as rejected.

Applicant's argument – a simple substitution of capacitor types is not obvious. Examiner's response - Applicant's arguments regarding "an MOS capacitor" is not well taken since it is notoriously well known and demonstrated in the art that if designer wish reducing size and having high integration density, there is wellknown way to do such as: the capacitor is generally employed as MOS capacitor. With the advance of today's technology, it would have been obvious at the time the invention was made for one skilled in the art to realize that capacitor 20 of prior art, Fig. 2 can be implemented as the MOS capacitor. This implementation is preferred because MOS capacitors are more efficiently implemented in silicon than capacitors. Thus, the limitation "MOS capacitor" remains rejected for the reasons recited in the last Office action. Beside Verhaeghe et al. Rapp or Jung's references cited on the last Office action to show the well-known feature. several prior arts also teach such well-known substitution (for example: Rapp (U.S Patent No. 5,280,420: col. 7, lines 10-16) or Tobita et al (U.S Patent No. 5,544,102: col. 7, lines 43-49)).

Therefore, applicant's remarks cannot be found persuasive.

#### Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Application/Control Number: 10/779,903

Art Unit: 2816

- -

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to My-Trang N. Ton whose telephone number is 571-272-1754. The examiner can normally be reached on 7:00 a.m - 5:30 p.m.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Callahan can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Application/Control Number: 10/779,903

Art Unit: 2816

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information

system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
